# What is the International Baccalaureate Programme?

---

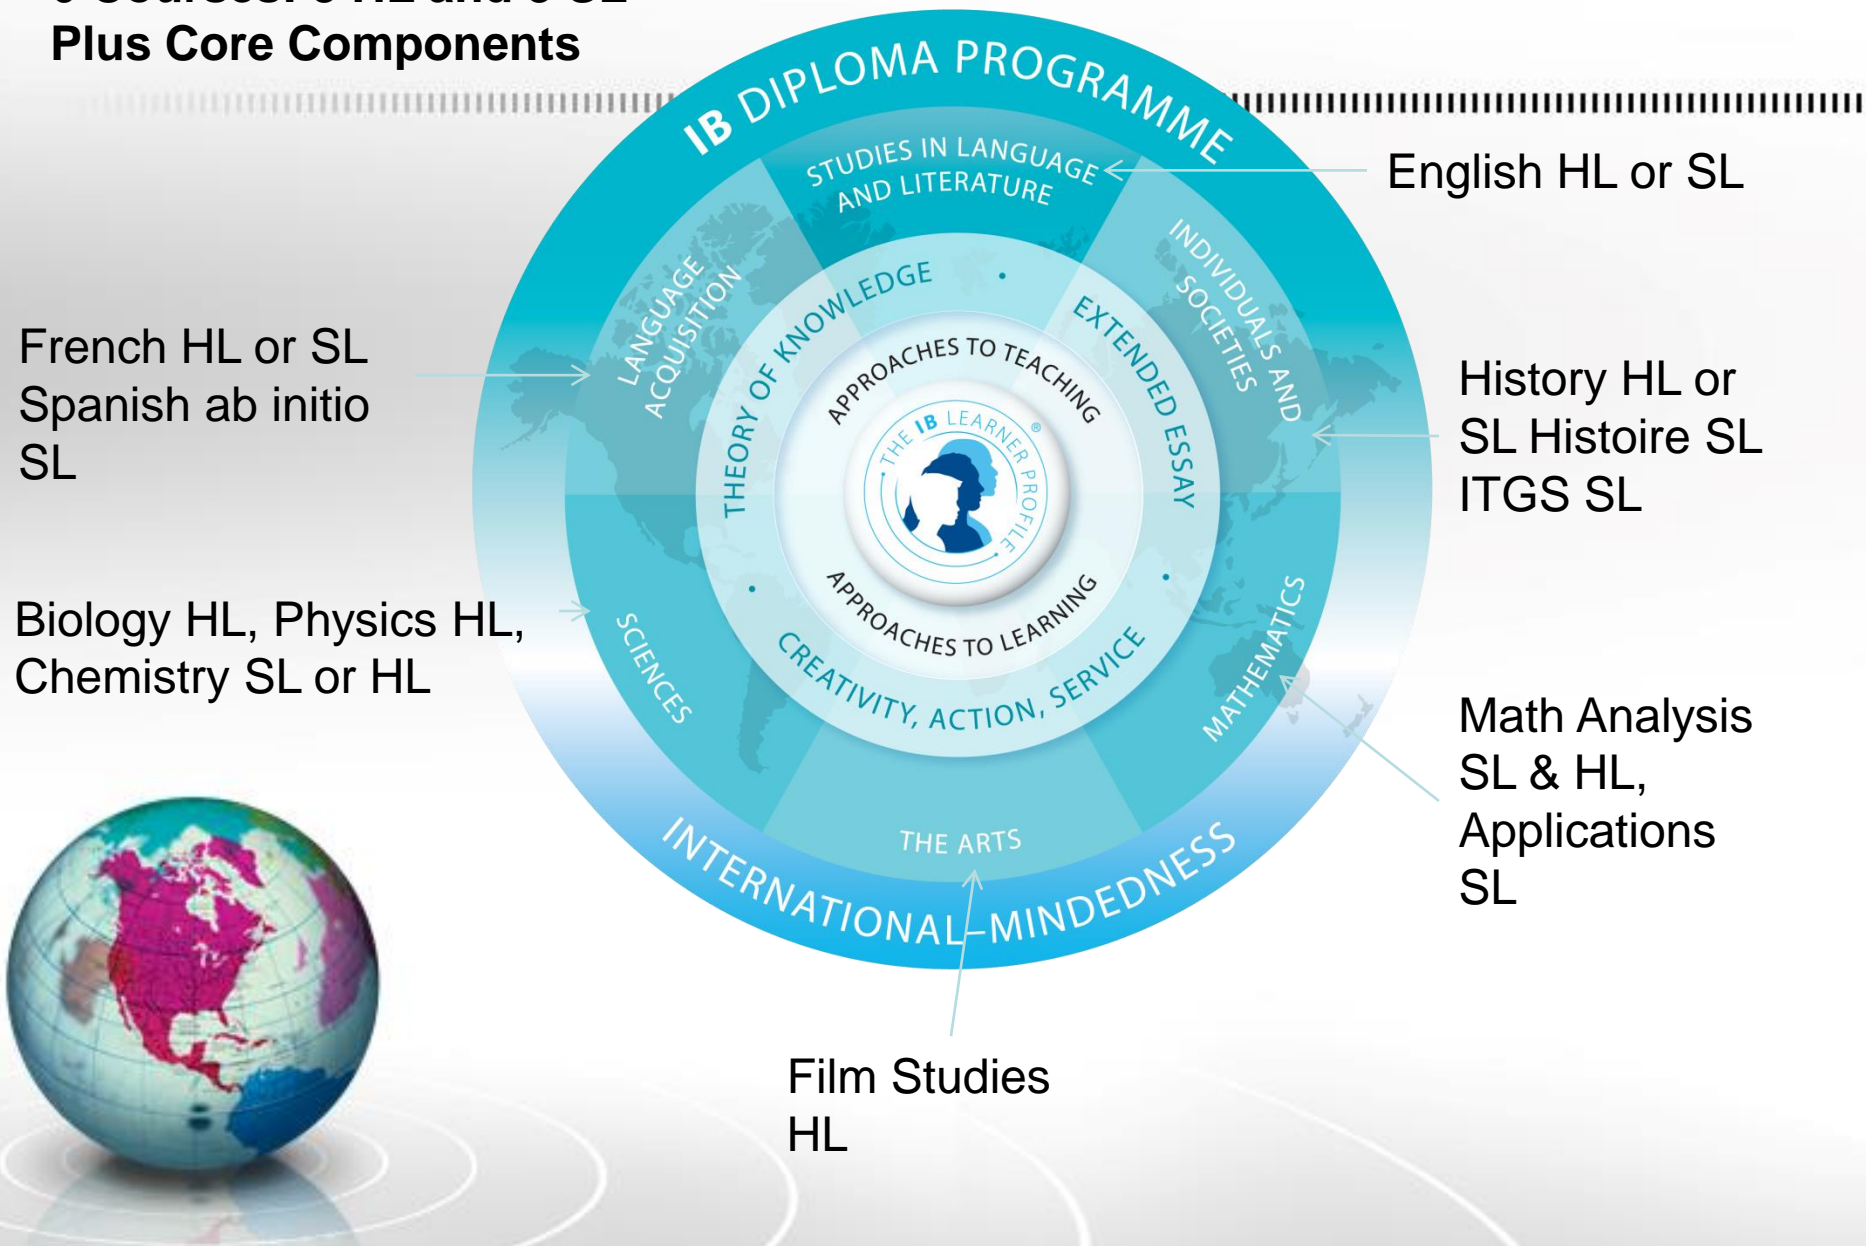

- The IB Diploma Programme is a two year program for students in grades 11 and 12
- It is highly regarded internationally and accepted for entrance into universities around the world
- It has been operating for over 30 years
- The IB program is currently offered in over 3500 schools in 144 different countries and growing rapidly!

# The IB Diploma Programme

## 6 Courses: 3 HL and 3 SL

### Plus Core Components

# Schedule

---

- IB students follow the same school bell schedule as all other students
- Students may complete one IB course in their grade 11 year
- All other IB courses run over two years

# Advantages of the IB Diploma

---

- Interesting, challenging courses
- The IB program is the best university preparation program around!
- IB students are sought after by many of the world's best universities because of their academic strength and global perspective

- 
- IB students develop time management, goal setting and other organizational skills
  - IB students are involved in a wide variety of extra-curricular activities

# Grade 10 Pre-IB Program

---

- **Grade 9 students are only committing to the one year Pre-IB program**
- Students do not make a decision about entering the IB Diploma program until February of grade 10

- 
- If a capable student is at all interested in the IB Diploma program they should take the grade 10 Pre-IB program
  - If a capable student has no intention of taking the IB Diploma program but wants enrichment in grade 10 they should take the Pre-IB program

- 
- If a student does not take the grade 10 Pre-IB program and wants to enter the IB Diploma program in grade 11 their course choices may be limited and they will be missing many skills essential to be successful in the IB Diploma program
  - If there is any chance they might want IB in grade 11 take the Pre-IB in grade 10
